# SINGLE/DOUBLE ENTRY DOORS

## MAV DOOR PRO – WARRANTY

The Legacy 20-gauge steel door is warrantied not to shrink, warp, split, crack or delaminate for as long as you own the home in which the product was installed. A 10 year finish warranty is applied to all doors that come pre-painted from Provia. Primed doors must be painted with a high quality exterior grade paint within 90 days of installation or warranty could be void. This warranty is transferable to one subsequent purchaser of the home.

## LEGACY SKIN OPTIONS

Legacy Steel features add up to a professional-class product. Whether you select Legacy Woodgrain Textured Steel or Smooth Steel, our entry systems will provide an elegant, durable and energy efficient addition to any home.

# SINGLE/DOUBLE ENTRY DOORS

Composite top endcaps increase rigidity and energy efficiency.

Special adhesives/thermal barrier reduce heat and cold transfer, while our exclusive tab and slot system of mechanical interlocks gives the door exceptional structural strength.

ProVia doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum energy efficiency and strength.

The edges and face skin of our steel doors are **one continuous piece of steel** for strength and durability.

To reinforce the lock and deadbolt area, we add a **rigid composite lock block** to all of our steel doors.

**Plugless Glass Trim** is optional on Legacy Steel (see entryLink for available styles)

Our 20-gauge steel doors give you **49% more galvanized steel** than a standard 24-gauge door.

**Z-AC Threshold** with auto-adjusting riser. Standard with aluminum mill finish.

Composite bottom endcaps increase rigidity and energy efficiency.

## MAVPRO-FLB

- 32 or 36" wide x 80" tall
- Full length glass with blinds in the middle
- 20 gauge steel
- Double Pane glass with low-e
